111 A, Bhawani Peth, Pune 411 042. INDIA

NEWS LETTER

January 2021

Vol. No. XVI

For Internal Circulation Only

Issue No. 48

The Chairman Speaks...

Warm greetings on this auspicious occasion of Republic Day!

Today, when our nation celebrates Republic Day, let us pledge to take part in nation building in our own unique ways. It is highly inevitable for all of us to uphold rich traditions and cherish our culture.

We at ASVVS believe in the words of Dr. Sarvepalli Radhakrishnan, Former President of India,

"The end-product of education should be a free creative man, who can battle against historical circumstances and adversities of nature."

With the foundation of this thought of creating innovative minds through technology, We have also initiated several programs virtually to provide a fruitful experience for our parents through Parents Orientation Sessions on various useful topics and for our students through Pause Ponder and Proceed (PPP) programme arranged by Bhartiya Jain Sanghatana and Jain International Educational Group for Personality Development. We endeavored to overcome this adverse pandemic as an opportunity to explore and excel. The entire teaching staff uses various virtual platforms to foster the academics. Now we have started with physical school too!

I am proud to share that our two teachers- Mrs. Pragati Joshi and Ms. Rupali Ghorpade bagged the Third and the Consolation prize respectively in the Essay writing competition conducted by Atma Vallabh Jain Federation of India.

It is always a pleasure to address you, share my vision for the school and seek your cooperation towards realizing the same. Your suggestions are most welcome!

Wish you all a Happy Reading!

Subhash Parmar
Chairman

Foundation Day

Chief Guest Shri. Dilipji Mehta with Managing Trustee Shri. Subhashji Oswal, Chairman Shri. Subhashji Parmar, Shri. Vijayraji Ranka, Shri. Pukhrajji Sanghvi and Principals were present for Foundation Day.

Chief Guest Shri. Dilipji Mehta released the 2nd Edition of VVS Newsletter for the Academic Year 2020-21 on the Foundation Day.

Inter School Compuskills Championship 2020

Ameya Bhagoji (Millennium National School) received Shri. Sanghvi Amichandji Khumaji Platinum Jubilee 1st Prize in Junior Category at the hands of Shri. Raviji Sanghvi and Mrs. Reenaji Sanghvi.

Animesh Doshi (Bharatiya Vidya Bhavan Paranjape School) received Chandraprakash Foundation Best Creativity Skill Prize in Senior Category at the hands of Shri. Prakashji Dhoka.

Khanan Muhurat

On 14th January 2021 Khanan Poojan was performed at the hands of Shri. Mahendraji Palesha and was felicitated in the presence of Managing Trustee Shri. Subhashji Oswal, Chairman Shri. Subhashji Parmar and the other dignitaries.

Principal Speaks...

On the eve of Republic Day, I extend my warm greetings to all of you. Let us take a pledge that we would not let the efforts of our freedom fighters go in vain. We would strive to make our country the best in the world. With us, the people of India, rests the real power to decide our

bright and collective future.

Our staff consistently follows current trends. The students at Acharya Shree Vijay Vallabh School are offered many opportunities to explore their interests and investigate new ideas. With the help of a committed, caring and supportive management, every year we host the Inter-school Compuskill Championship. This was the 9th year of the Inter-school Compuskill Championship. We have got entries from various other cities such as Mumbai, Lonavala and Gujarat. With great pride, I would like to say that this year we got international entries from countries like U.S.A. and Brazil.

As a Principal, managing the pandemic quarantine situation was a unique experience. I approached each day thinking first and foremost about the educational, physical, social and emotional wellbeing of our students and staff. The school management supported and guided me throughout the situation. The Covid-19 pandemic has changed education drastically with the distinctive rise of e-learning whereby teaching is undertaken remotely and on digital platforms.

Rabindranath Tagore said, "The highest education is that which does not merely give us information but makes our life in harmony with all existence." While imparting education to match advancement in technology and globalization, we also march our students ahead with moral values.

The parents and teachers are the most strengthening power in moulding the future of students. Their consistent support empowers us to excel and to perform the best of our capacity.

Every passing batch has done exceedingly well and leaves a legacy for future generations to follow. So parents, schooling is the first contact of the students with the world, a period of joy, healthy competition, adjustment, sharing and love. We are continuing our efforts to keep your child safe at school. We all expect your child to do their part and follow the rules.

Happy Republic Day! Rejoice in the glory of the nation and remember the supreme sacrifices of the freedom fighters!

Wish you all a happy reading!

Manasi Marulkar
Principal Secondary School

Learning by Doing

Students performed various Science Activities.

Students made various Models of Science.

Mathematics Day

Students made various Maths projects and performed various activities on the occasion of Mathematics Day.

Constitution Day

Students took oath on the occasion of Constitution Day.

Best Out of Waste

Students made New Year Greeting Cards and showcased their artistic talent.

My Learning During Lockdown

Year 2020, on 24th March 2020, the Government of India under Prime Minister Narendra Modi ordered a nationwide lockdown. Schools were already closed since 16th of March. Due to this lockdown period for us-students we were happy to get escaped from the trouble of giving exams. It was just like a vacation for us.

Atleast that's what I thought at first but after sometime we just became like caged birds suffering from boredom. I love to draw. Drawing is key of my mental peace. It is my hobby! my passion! So during the lockdown, I got a golden chance and plenty of freetime to polish my art skills and I did so.

I made improvement in every art style I knew and improved my handling of various art mediums like acrylic, water colours, oil colours, soft

and oil pastels etc.

I got appreciated by many people for my artworks. Even during this lockdown period some federations held drawing competition for students in which I participated and got prizes in two of them. As I socialised more I got many advices from professionals that proved to be beneficial. Our school 'Acharya Shree Vijay Vallabh' arranged an interaction exchange programme 'IBVEE' with the school of 'Helena Antipoff Foundation' situated at Brazil. So it was a good opportunity to showcase my talent in front of Brazilian students. There was a Talent showcase session in which students from both the sides presented their talent. People loved my art presentation and appreciated me a lot. People say that 'An idle mind is the devil's workshop' but according to me if you have a creative mind filled with colourful thoughts your mind will never be the devil's workshop.

Siddhesh Wani (Std. IX)

Savitribai Phule Mahila Shikshan Din

Fancy Dress activity was conducted for the students of std. V and VI on the occasion of Savitribai Phule Jayanti.

Value Based Educational Activities

Small actions make a bigger difference, so here is an activity conducted virtually on value based education showing different ACTS OF KINDNESS.

Our students made peanut ladoos and salads practically. Through these activities children not only feel important, helpful but also responsible. Thus "Self Help is The Best Help".

Students spread the message of National Integration. It is a feeling of unity, peace and spreading brotherhood in the midst of fellow Indians.

Respect for Elders

Everybody deserves respect regardless of their gender, race or their beliefs. Thus value based activity was conducted by our students.

Parents Orientation Session

Mrs. Pranoti Shinde (Founder Member of Aakar Foundation) conducted virtual session on "Sound Upbringing of Children"

Virtual Meditation Session

Meditation is known to enhance the flow of constructive thoughts and positive emotions thus Meditation and Yoga exercises were conducted to refresh the students.

Views of the Parents For Parent Orientation Programme

I Parent of Aarav Shah Studying in III A, feel fortunate to be a part of Acharya Shree Vijay Vallabh Primary School, here even we as parents are attending the online sessions especially arranged for us. These sessions optimize learning abilities and decrease feelings of isolation.

It helps me to think more positive and my role as a responsible parent is enhanced. Through these sessions my interaction with my child has increased. I am discussing important issues with him and we both resolve our problems simultaneously with each other. It has helped me understand my child better which will help in positive upbringing of my child.

Thanks to Principal Mrs. Snehal Khataavkar Madam for arranging useful workshop for parents.

Vijeta Mandar Shah

Being a parent is no less than bliss; however there can never be a more daunting task than to find a perfect way to parenting.

On behalf of all the parents I would like to express my appreciation towards all the team of Acharya Shree Vijay Vallabh Primary School for the commendable job they are doing with an excellent and innovative idea for arranging the interesting and valuable workshops for parents. All the workshops are informative providing proper guidance by renowned Speakers. Workshops on New Age Parenting, Dental Care, Fire Safety, Yoga and Meditation etc are definitely an eye opener for all of us.

Really Kudos to the team! for bringing out such interesting and useful workshops.

Glimpses of Inter School Compuskills Championship 2020

Felicitation of Chief Guest, Associates and Judges

Chief Guest Shri. Atulji Pimple (M.D. EPPS Infotech Pvt. Ltd.) is being felicitated at the hands of Chairman Shri. Subhashji Parmar.

Felicitation of Dr. Ashwini Renavikar (Computer Society of India).

Felicitation of Rtn. Gautham Inamdar (President, Rotary Club of Poona Midtown)

Felicitation of Shri. Sachin Patil (Maharashtra Knowledge Corporation Limited)

Felicitation of Judges of Compuskills 2020 (from left) Shri. Sachin Patil, Shri. Tushar Desai, Shri. Rahul Shah, Shri. Pravin More, Shri. Prabhakar Gadupudi and Mrs. Maya Desai.

Core Team Members of Compuskills 2020 are being felicitated in the presence of Chairman Shri. Subhashji Parmar, Shri. Vijayrajji Ranka, Shri. Ratanji Nimani and Shri. Sureshji Mutha.

Associate's View...

Maharashtra Knowledge Corporation Limited (MKCL) is associated with Inter School Compuskills Championship since last eight years organized by Acharya Shree Vijay Vallabh School Pune.

We wish to compliment Mr. Subhashji Parmar Chairman of the Governing Council, Mrs. Manasi Marulkar Principal and all the teaching and non-teaching staff of the Acharya Shree Vijay Vallabh School for their dedication and ingenuity in organizing such a competition against all odds.

In 2020 the organization of competition was challenging. Covid-19 Pandemic was at its peak; all schools were closed. In this challenging

situation, the school management was determined to organize the competition. They studied all possible methods and provided a conducive atmosphere for all the participating schools and students.

The topics chosen were carefully selected and were appropriate to the prevailing conditions. The school management travelled an extra mile to provide Scratch Programming training to the teachers and took all possible due care in the face-to-face training. The training offered motivated teachers to inspire their students for participating in the competition.

The students were also excited to participate in the competition because it was a welcoming change in the Covid-19 pandemic period. We observed that the students were eager

to share their ideas and collaborate with their team members. The students had missed the excitement and joy of participation and collaboration due to the lockdown in schools. This competition provided them with a platform which they thoroughly enjoyed.

We were pleased to see students' participation from outside India, which has happened for the first time in the last nine years.

We wish our best wishes to the Principal and all the teaching and non-teaching staff of the Acharya Shree Vijay Vallabh School for all their future endeavors.

Uday Panchpor
Chief Operating Officer
Maharashtra Knowledge Corp. Ltd.

INTER SCHOOL COMPUSKILLS CHAMPIONSHIP 2020 PRIZE WINNERS JUNIOR CATEGORY

Karan Shah and Pranali Samal (Acharya Shree Vijay Vallabh School) received Chandraprakash Foundation Best Animation Skill Prize in Junior Category.

Aditi Ghanekar (Aksharmandan School) received Chandraprakash Foundation Unique Concept Prize in Junior Category.

Teacher's View...

At the outset I must thank Acharya Shree Vijay Vallabh School for organizing such a graceful event and giving an opportunity to students to showcase their talent.

Students were eagerly waiting for the announcement of this event. The Competition was announced and students participated enthusiastically. Our students are participating in this competition from last 8 years and every year they are winning prizes. This year too from our school more than 60 teams participated. Our 7 teams were selected for Viva round and 2 teams were selected for Final round. Our Junior team won 1st Prize and Senior team won Consolation Prize.

Initially there was curiosity about how the competition will be conducted this year? In the current pandemic situation, students are not going to schools, they are attending online classes. So, there was anxiety in everyone's mind, regarding accomplishment of the project, interaction with teachers and further rounds etc.

Parents also played an instrumental role by encouraging and supporting their child. Considering the situation at that time it was told earlier that Viva round and Finale will be conducted online, later Viva round was conducted in school and Finale in Tilak Smarak Mandir by taking all precautionary measures.

It was very tedious task to judge 600 + projects and select few out of them. Judges too played a significant role.

As every year this year also, I got an opportunity to attend the Finale but this year I attended the event both as a teacher and a parent. This year my daughter had also participated in the competition for the first time and was selected for the Final round. I as a parent, encouraged and guided her for the same. She won 3rd Prize in Senior Category.

The event was very well organized and conducted smoothly. I must appreciate and congratulate all the team members of the organizing committee and management for their painstaking efforts and organizing this successful event.

Principal Speaks...

"When you build a house, every brick counts, when you build a character, every thought counts".

Imbibing ETHICS, instilling the love for learning makes students grow up into responsible and ambitious young adults. ETHICS are the acronym for Empathy, Team-work, Humility, Integrity, Courage and Self-discipline. Our School strives to ingrain these values in children. This is a long and never ending road and can be travelled on successfully, when teachers reinforce what is taught.

This year Primary School has taken an initiative of conducting "Orientation Programme" for Parents through Virtual Platform. Five sessions have been successfully conducted and an excellent response from our parents has been achieved.

Education is the passport to upward mobility. As India emerges a leading knowledge power, student's thirst for education has become unquenchable.

Our teachers are conducting Virtual classes with an excellent response from our students as well as parents. We have accepted the challenges during this pandemic period and are mentally focused, strong and determined. We keep learning new things and handle adverse situations fearlessly and with courage.

I remember Mahatma Gandhi's advice which holds great relevance even today: 'Live as if you were to die tomorrow but learn as if you were to live forever.' I am confident that if we cherish and adopt these values, we will go a long way and achieve success in all spheres of life!

Wish you all a happy reading!

Snehal Khatavkar
Principal Primary School

Yoga and Meditation

Naina Gandhi (Yoga Instructor) conducted the Yoga and Meditation Session for Parents and Students to enhance immunity.

Children's Day Celebration

Children's Day was celebrated on 14th November with great fun and frolic.

National Mathematics Day Celebration

On 22nd December National Mathematics Day was celebrated to motivate and encourage the younger generation and ignite love towards Mathematics.

New Year Celebration

Virtual session was conducted where students celebrated New Year by setting goals for themselves and made resolutions for self-betterment.

Theme Dressing

Students spread message 'Save Environment' through theme dressing.

National Girl Child Day

"Save Girl" skit was depicted virtually.

Virtual Parents Orientation Sessions

Mr. Ravindra Barmukh, Ex-Student of our School conducted a session on "New Age Parenting". This workshop was to help the parents in handling the children of the age group from 6 to 7 years. As a counsellor by observing and studying different cases, Mr. Barmukh suggested that parents should only guide their child for

choosing the right path but they should not force the child to do the things they want. This will surely increase the decision making ability of the child in future. So that the child will do the work happily and not forcefully.

As parents we have to help our children in their development so they will become responsible citizens of society and country. We should not impose our thoughts and dreams on our kids.

Oral health is fundamental to overall health.

Dr. Shilpa Pagariya (Dentist) has an extensive clinical experience of 16+ years. She conducted virtual session on "Shining Smiles... Care and Cure" and guided parents about how to take care of teeth and to follow the necessary steps while brushing the teeth and also guided about intake of nutritious foods necessary for healthy teeth.

Mam recommended to visit the dentist once in six months, in order to avoid future dental problems and also explained the new techniques available for dental care. Children below 10 years should avoid using the fluoride toothpaste used by the adults, they should be given soft bristles toothbrush.

Mr. Milind Dudade (Safe Kids Foundation) conducted virtual session on "Safety Measures for ourselves".

The purpose of the session was to raise awareness of different types of accidents that may occur at home, in school or in public place. Safety Measures were explained by giving various examples.

Precautionary measures to be taken while using electrical instruments and how to react in the critical situation was also explained.

While cooking mothers should take care of themselves and their children. Ladies should use cotton dress or sarees and tug it properly while cooking. Wear apron to avoid miseries and avoid talking on mobile phones in the kitchen. Avoid using sanitizer near the gas flame as it is inflammable and can cause accidents.

Principal Speaks...

At this juncture, let me remind you that though the country is plagued with certain social evils yet we are proud to see our nation marching ahead on the roads of development.

Now as the future citizens of our country, we all need to strive for a fully developed nation of ours and put our efforts in achieving the same. Thus we need to take the true spirit from our National Tricolour and strive to achieve our desire of a developed nation through our unity.

As we all are aware, education can make people easy to lead, but difficult to drive. Also, it makes easy to govern but impossible to enslave. This is true that without education a man is a shade better than an animal. Thus considering all these areas of development, we at Acharya Shree Vijay Vallabh School have never given a pause in educating children, even in this unfavourable conditions of Covid-19. Our process of imparting knowledge was continuous through our virtual platform, thus upgrading our tiny ones in every aspect.

I feel honoured and privilege to be part of an educational institution where every stake holder is a learner and every day is an opportunity to learn and discover. Hence, we are very proud of caring, inclusive ethos where we set high standards and expectations for our students to achieve and behave their very best.

Wish you all a happy reading.

Jacinta Manuel
Principal Pre-Primary School

Best Out of Waste

Shreyans Oswal of Sr.Kg B showed his creativity by making a toy engine.

Chinmay Gujar of Sr.Kg A prepared a pen stand from waste papers.

Christmas Celebration

Shravani and Shlok Karanjkar of Sr.Kg B enjoyed the Christmas party virtually.

Kartik Choudhary of Nursery B decorated the Christmas tree.

Fancy Dress Activity

Mehek Pardeshi of Sr.Kg A dressed up as Strawberry.

Makar Sankranti Celebration

Myra Jain of Jr.Kg A decorated the Kite on account of Makar Sankranti.

Parents View

The nation wide lockdown that began at the end of March 2020, due to Covid 19 pandemic caused a major disruption in the schedule of all people.

I would like to take this opportunity to thank all the teachers for the efforts they are putting together to teach our children. It is overwhelming to see how quickly and efficiently the new way of learning was adopted by the school.

Preparing lessons, making kids learn through fun, all this through distance learning. It is very difficult to teach such small kids online. However all the teachers of Pre- Primary school are making sure that each kid gets proper attention

and learning is smooth.

I really appreciate the fact that focus is not just finishing the syllabus but also ensuring that each child is learning properly. The children are also enjoying various co-curricular activities. It makes them look forward for classes.

Teachers are also making sure that children do physical and eye exercises during the class, which is really commendable.

Once again I thank Principal and all the teachers who are helping our children to learn. The teachers are always available whenever we need their help, making sure all queries are answered.

Lata Gortyal
Parent of Vihan Gortyal (Sr.Kg - A)
