The Chairman Speaks...

Dear Readers,

A Foundation Day is the day to celebrate and honour the efforts of the founders, a day to look back on the past, celebrate current success and set new goals as every great achievement is built on vision, dedication and resolute belief. Our journey began from 24th November 1983 and over four decades, this institution has been a beacon of learning, character building and holistic development, shaping countless young minds. On this day, let me express my gratitude to the founders of ASVVS for imparting a vision of incredible education.

We encourage our teachers to upgrade themselves constantly. With this purpose our teachers attended three days National Level Residential Training - 'Sankalp -Teacher's Empowerment Programme' at New Delhi, conducted by Atma Vallabh Jain Federation of Educational Institutions. The training highlighted the Value-Based Learning, which is an inseparable part of National Education Policy.

ASVVS is collaborating with SIEMENS (Digital Industries Software) - a renowned German Technology company for another ground-breaking project- 'Engineering Pathway for High School'. An endeavor to ignite curiosity and passion for engineering among students.

Additionally, the most awaited Compuskills Championship Finale, which has been a phenomenal event over the period of 12 years Computer Society of India (CSI), Maharashtra Knowledge Corporation Ltd. (MKCL), Tata Class Edge (TCE), Rotary Club of Poona Midtown, Union Bank of India (UBI), Arena Animation and Media Partner Maharashtra Times is just around the corner, which showcases the technological acumen and innovative spirit of our young achievers.

As we stride ahead with confidence, let us continue to uphold the values and vision that define our school which will continue to prosper in all aspects in the years to come. Together, we shall forge new paths of excellence.
