### The Chairman Speaks...

"A good education is a foundation of better future." On the occasion of the Foundation Day, I would like to show my gratitude to the founders of ASVVS for imparting a vision of high quality education to our students.

Our school has been awarded with 'Excellence in Tech- Enabled Education Infrastructure' at the School Canvas - Technology for Smart Schools 15th Eldrok India K-12 Summit.

Another moment of joy has been the conjoint collaboration of Tata Consultancy Services with Acharya Shree Vijay Vallabh School to implement the TCS goIT (go Innovate Together) Social Innovation and Career Readiness Program. Mr John DiChiara, Global Head goIT and Mr Adam Hartley, Global goIT Specialist, delegates from the USA visited our school to exchange agreement.

ISKVEE and IPVEE, the International Virtual Educational Exchange Programs are ongoing with South Korea and Philippines. This unique concept of cultural exchange programs is helping our students nurture on an international platform giving them a wider opportunity to learn about different countries and their culture. We are observing tremendous improvement in the soft skills of our students because of these programs.

After a glorious decade, this year, ASVVS is entering the 11th year of Inter-School CompuSkills Championship in association with Tata Consultancy Services, Computer Society of India, Maharashtra Knowledge Corporation Limited, Rotary Club of Poona Midtown, Union Bank of India, Mastercard and media partner Maharashtra Times, wherein participants are more than 60 schools, National and International.

'Vijay Vallabh Sunday Hour' is our series of webinars which goes Live on Facebook every Sunday, guiding the viewers from all the paths of lives to upgrade their knowledge and skills on subjects related to education and day to day life helping them to keep up with the pace in this competitive world.

It is the vision and hard work of our dedicated principals, teachers and other staff members that has brought us so much success and glory. I would also like to thank all our parents and readers without whom this journey would have been incomplete. Happy Reading!

**Subhash Parmar**  
Chairman

## The Principal Speaks...

Welcome to our Foundation Day edition of Newsletter.

It has been said and believed since long that for any great work to be done, it is important to have the right foundation. It actually forms the platform on which the future stands.

This year has been blessed for ASVVS in every possible way.

Federation of Jain Educational Institutions invited Acharya Shree Vijay Vallabh School, Pune for FJEI- Schoolpreneurs 2022, a National Conclave at Indore. It was a proud moment for us as our school is considered as one of the leading Jain Schools in the country.

Our students never fail to amaze us with their extraordinary performances, be it academics or sports. Aryan Satpute from std. X won the Gold Medal for 'Shot Put' at the State Level in Nashik. He also won the Gold in West Zone Competition held at Chhattisgarh. He has been now qualified at the Nationals.

German Residential Camp organised by Goethe Institut-Max Mueller Bhavan, Pune gave an opportunity to two of our students, Tanish Changediya and Hitanshi Shah from std. X to participate in the two day camp held in Panchgani where they learnt more about German Language through fun activities and interactive sessions.

Ideathon Championship organised by TCS goIT and Alliance Club of Pune and Pune Queen had respectively organised Drawing Competitions wherein students have brought laurels to the school.

Maharashtra Times on the occasion of Children's Day gave an opportunity to students to express their opinion on how 'Education is Evolving'. From std. X, Aseem Joshi's article was published wherein he phrased his views on the same.

Our school does not only produce highly academically qualified individuals, but students with the overall development and growth. This is what true education is all about.

Thanking all of you again for making this journey successful.  
Happy Reading!

**Manasi Marulkar**  
Principal, Secondary School

## Indo South Korea Virtual Educational Exchange (ISKVEE '22)

Interactive session between students of India and South Korea.

ASVVS is back with its solicitous Virtual Educational Exchange Program this time with Yangpyeong Elementary School, South Korea. ASVVS, under the guidance of our strong motivator Chairman Shri Subhashji Parmar has begun yet another Virtual Educational Exchange Program with South Korea. A similar Virtual Educational Exchange Program with another school of South Korea was accomplished in July 2021.

This Virtual Exchange Program is helping the students positively. They are able to speak to new students freely, their command over English language has improved and the students are having fun in knowing and learning about the new country and its culture.

## Interact Club Activity

## Orientation for Students

Divine, revolutionary preacher and spiritual thinker, Muniraj Shri Jai Prabha Vijayji Maharaj Saheb (JP Gurudev) meeting and orating the students.

## The Principal Speaks...

"Education breeds confidence. Confidence breeds hope. Hope breeds peace."

Warm greetings to all on the special occasion of Foundation Day.

On this day in 1983, the institution started its journey towards 'Faith in Knowledge'. Every year, when this day is celebrated in our school, we reflect on the beginnings that took place and how since the inception, changes have come paving the way for success over the years. Foundation Day is also the day when the past, present and future of the institution comes together, taking vows to uplift the institute to the greatest possible heights and dimensions.

On this occasion, I would like to praise the efforts put in by the founder members for the growth and development of the school to make it a better place for education.

I would like to thank our school management, teachers, students and parents who have been a part of the school from the very beginning.

Our teachers and students celebrate Foundation Day through various enthusiastic programs to recollect the memories of the golden years of our school.

At Acharya Shree Vijay Vallabh School, education is not just the amount of information that is put into a child's brain, but how we cater to the individual needs. On the whole, the school aims to make education fun-filled and enjoyable experience for our students. The growth of every student is our main aim.

I wish everyone to become successful in life.

Best Wishes and Thank You  
Happy Reading!

**Snehal Khatavkar**  
Principal, Primary School

## World Food Day

'Late Shri Nagrajji Kesuramji Oswal Non-Teaching Staff of the Year Award' being received by Mr Chidanand Ballal Talekari at the hands of Managing Trustee Shri Subhashji Oswal in the presence of other dignitaries.

The beautiful thing about learning is nobody can take it away from you.

## The Principal Speaks...

I extend my best wishes to all the founders who contributed in achieving the aims and objectives of our school.

Our learning environment creatively meets the specific needs of each and every child, unlike allowing all the students to come together for the cultural experiences that develops their motor skills and teaches them how to build their social bonds.

We provide a happy and safe environment within which our students experience opportunities to explore the classroom inside and beyond.

A young child's cognitive skills are strengthened by engaging in a wide range of hands on activities that challenge him/her to observe closely, ask questions, test ideas or solve a problem.

Using foster values of courtesy, consideration, and individual responsibility provide both challenges and support to our little ones, thus helping to shape their minds to be ready for the world that is waiting to meet them.

The achievements of our students is built upon the partnership between parents, students and teachers through quality teaching. Students support and our commitment to extra-curricular activities create the building blocks for their success that will give them an advantage and scope for overall development in their later years.

I firmly believe that with the support of my excellent staff, we are able to ensure that our children achieve their best.

Happy Reading!

**Jacinta Manuel**  
Principal, Pre-Primary School

### Press Conference

Press Conference held to announce the commencement of the Inter School Compuskills Championship 2022

### Teachers' Training

SCRATCH Software Teachers' Training Program being conducted by MKCL for the participating school teachers

## Tips and Guidance to our young participants of Compuskills

**Rule 1:** ENJOY the experience : I wish to tell all my participants to first learn to enjoy the journey of compuskills competition. Yes, the format is of competition, but we judges call it a Festival of Creativity. So forget all the worries and threats about the competition and see it as Compuskills Festival.

**Rule 2:** Understand what is the topic and purpose : Many a times, we do not understand the true meaning of the topic. If you are not clear, take help of elders. Once you understand the purpose and meaning of the topic you will be able to better express your ideas.

**Rule 3:** Rules are important : The framework and method of evaluation is important to understand. Creativity, Concept, Animation , Technical skills showcased , images used, Audio used everything matters. More you create by your self instead of using readymade, the better. Use every possible feature of the tool which is applicable to your project.

**Rule 4:** Viva Rounds : When you come for viva round, just be clear that no one is taking your exam. You have done your project yourself and understand it the best. You just have to present it , explain the thought process behind it and answer the technical questions which you are already aware about like how you achieved a particular action.

**Rule 5:** Conduct Research : Every topic has enough material either online or in your text book. Before you start designing your project, make sure you are conducting enough research about the topic. In the final round judges may ask you questions which are related to your topic . Every Participant is winner for us and you are all very special for submitting your projects for us to evaluate. All the Best!
